Huh, huh, yeah
You know I've been checking you out
Ever since we've been hanging out
You told your boys it's me that you like
But when you try to tell me, you run and hide

Ever since Cleopatra's Theme
You've wanted a touch of love
(All night)
No man is an island, you can't be by yourself
No, no, no, no

I want
(I want)
I need
(I need)
I have to get your love

You want
(You want)
Want me
(Want me)
So let's not play hide, play seek
(Just come and get me)

Now we can see behind the door
Don't let it linger anymore
You don't want me to take the first step
So reel me in and I'll accept

Ever since Cleopatra's Theme
(Oh, yeah)
You've wanted a touch of love
(C'mon)
No man is an island, you can't be by yourself

I, I, I want
(I want)
I need
(I need)
I have to get your love

You want
(You want)
Want me
(Want me)
So let's not play hide, play seek
(Just come and get me)
Oh, yeah
(Just come and get me)
Mmm, hmm, baby

Oh, oh, I want
(I want)
I need
(I need)
I have to get your love

You want
(You want)
Want me
(Want me)
So let's not play hide, play seek
(Just come and get me)

I want
(I want)
I need
(I need)
I have to get your love

You want
(You want)
Want me
(Want me)
So let's not play hide, play seek
(Just come and get me)

I want
(I want)
I need
(I need)
I have to get your love

You want
(You want)
Want me
(Want me)
Oh, oh, oh
(Just come and get me, just come and get me)
