Please girl, don't drop the phone  
Stay calm but don't let it fly  
It was bound to happen someday  
But still nobody understands why? br>  
Don't believe you are in the wrong  
You only played your part  
These things do occur in life  
We can't know from the start

Nobody said it was gonna be easy [nobody said]  
Nobody said it would be alright [nobody said]  
Nobody said you were gonna make it  
[nobody said you were gonna make it]  
We can't all be wrong, can't all be right  
[we can't all be wrong, can't all be right]

Move on what's past is past  
What's done is done  
Move on? br>  
Boy, you mustn't feel confused  
Don't be afraid to cry  
Let go of what's hurting you  
Release the pain and live your life

You can hide away or you can leave  
But from that what would you get  
The future won't remember  
The past will not forget

Nobody said it was gonna be easy [nobody said]  
(nobody said)  
Nobody said it would be alright (nobody said) [nobody  
said]  
Nobody said you were gonna make it (nobody said)  
[nobody said you were gonna make it]  
Oh, can't all be wrong, we can't all be right  
[can't all be wrong, we can't all be right]

Move on what's past is past  
What's done is done  
Move on? move on?  
Oh? br>

Nobody said (oh) but then nobody can deny  
We've got the strength inside us (we have)  
We can work this out if we combine (combine)  
Nobody said (nobody said) but then nobody can deny  
We've got the strength inside us  
We can work this out if we combine

Nobody said (nobody said) it was gonna be easy  
[nobody said] (but then nobody can deny)  
(we've got the strength inside us)  
Nobody said it would be alright [nobody said]  
(we can work this out if we combine)  
Nobody said (nobody said) you were gonna make it  
(but then nobody can deny)  
[nobody said you were gonna make it]  
We can't all be wrong, can't all be right  
(we've got the strength inside us)  
(we can work this out if we combine)  
[we can't all be wrong, can't all be right]

Oh, nobody said (nobody said) it was gonna be easy  
[nobody said] (but then nobody can deny)  
(we've got the strength inside us)  
Nobody said it would be alright [nobody said]  
(we can work this out if we combine)  
Nobody said (nobody said) you were gonna make
