You follow me every where I go
When I see you standing there
Every time I see you smile
'Cause you're my number one fan

You have my posters on your wall
Without a doubt you have them all
Inside your player is our CD
Forever playing on repeat

No matter how far we are apart
You'll always be a part of my heart

You follow me every where I go
Waving to me as I go
When I see you standing there
Waving banners in the air

Every time I see you smile
It always makes me wanna cry
To see you happy
'Cause you're my number one fan

Always around when we need a friend
You help us out when we're feeling bad
Lifting out spirits higher than high
With a love that never says goodbye

No matter how far we are apart
You'll always be a part of my heart

You follow me every where I go
Waving to me as I go
When I see you standing there
Waving banners in the air

Every time I see you smile
It always makes me wanna cry
To see you happy
'Cause you're my number one fan

You follow me every where I go

When I see you standing there
Every time I see you smile
It always makes me wanna cry

To see you happy
'Cause you're my number one fan

You follow me every where I go
When I see you standing there
Every time I see you smile
'Cause you're my number one fan

You follow me every where I go
When I see you standing there
Every time I see you smile
It always makes me wanna cry
'Cause you're my number one fan
