Yeah, yeah
Take me now
Oh, yeah, oh

You keep telling me you want, for eternity my love
But you say you need some time to think (think)
If I am the one, but your feelings are so strong
You know you want my lovin, baby

You're asking all these questions (yeah)
Then makin new suggestions (oh)
Do you want me or not

No need to think about it
Cause you know it's plain to see (you know)
You can never find another girl like me
Everything I got you know
No other girl has got, got, got, got (yeah)
No need to think about it cause you know it's plain to
see
You can never find another girl like me
Stop fussing, baby, we can make it hot
If you just stop, stop, stop, stop

In the streets on the dance floor
When you're thinking of me
You're wondering if you and me
You and i, baby, we were meant to be (be, yeah)

Who kiss you like I do
Gonna hold you the way I do, oh
No other's gonna make your dreams come true
You say (say) love can't be erased
And it's written on your face (face)
You need my warm embrace (yeah?)

You're asking all these questions
Then makin (oh? new suggestions
Do you want me or not (not?)

No need to think about it
Cause you know it's plain to see (you know)

You can never find another girl like me (you can never)
Everything I got you know
No other girl has got, got, got, got
(no other girl has got, got)
No need to think about it cause you know it's plain to
see
You can never find (never) another girl like me
Stop fussing, baby, we can make it hot
If you just (stop) stop, stop, stop, stop [stop]

In the streets on the dance floor (on the dance floor)
When you're thinking of me [think about we're dance]
You're wondering if you and me (you and me, yeah,
yeah)
You and i, baby, we were meant to be [break it down]

No need to think about it cause you know it's plain to
see
You can never find another girl like me
Everything I got you know no other girl
(no need to think about it cause you know it's)
You know it's true, huh, you know it's plain to see
You can never find a girl like (oh) me, huh

Everything I got you know
No other girl has got, got, got, got
(no other girl has got, got, got, no, I got)
No need to think about it cause you know it's plain to
see
You can never find another girl like me (a girl like me)
Stop fussing, baby (ooh) we can make it hot
If you just stop, stop, stop, stop (oh?

No need to think about it
Cause you know it's plain to see
You can never find another girl like me

No need to think about it cause you know it's plain to
