When I saw her, she looked my way
And I knew that I was over my head
Ruby lips on a smile so sweet
With a rude attitude that could knock me dead

(Suddenly)
I heard a voice when she called my name
(Suddenly)
I knew my life was gonna change

Well, she's hotter than hell
And she's cool as they come
And she smiled and she's wild
All rolled into one

Ya, you say, I'm the guy that you wish you could be
It's not easy to see
That she's an angel to you
But she's a devil to me

All my friends say, "You lucky guy"
Everyone wants to stand in your place
And so I give it another try
I'm not sure how much more my poor heart can take

(Suddenly)
I feel the blood pumpin' round my brain
(Suddenly)
I grab my bat and I'm back in the game

Well, she's hotter than hell
And she's cool as they come
And she smiled and she's wild
All rolled into one

Ya, you say, I'm the guy that you wish you could be
It's not easy to see
That she's an angel to you
But she's a devil to me

I don't know what to do
I don't know what to say

'Cause noone knows
That she puts me through anyway

I'm awake in disaster
I can't seem to get past her
I try and I try but I can't get away, yeah

She's an angel to you
She's a devil to me
She's an angel to you
She's a devil to me
It's not easy to see

Well, she's hotter than hell
And she's cool as they come
And she smiled and she's wild
All rolled into one

Ya, you say, I'm the guy that you wish you could be
It's not easy to see
(Well, she's a devil to me)

Well, she's hotter than hell
And she's cool as they come
And she smiled and she's wild
All rolled into one

Ya, you say, I'm the guy that you wish you could be
It's not easy to see
That she's an angel to you
But she's a devil to me
