Even if you say that you don't believe me

Your eyes are deeply fallen inside of mine

Your the only person with all the things I want in you

You and me, we get along pretty well just like a couple

I can tell your heart by now

You don't want to fall into me so easily

But I'll promise you

Tonight, there will be nothing that you will regret

*don't hide it, come to me

I want to know everything about you

Don't stop it, leave it to me

You don't know yet,

So give me a chance and believe in me

Get over all the other things that you see

But just look straight into me

Try to feel my heart and not anything else

I don't think I am able to breath when I'm with you

But why are you trying to be so distant from me?

Why did you give me that mysterious smile

When you didn't know how I felt about you?

Repeat *

[Rap]

Shinding'll be never stopin bring the noise partcipate

Don't bring to a stop to the top

Bring bring the noise participate

4, 3, 2 to the 1 go!

I can tell your heart by now

You don't want to fall into me so easily

But I'll promise you

Tonight, there will be nothing that you will regret
