pain, anguish, disaster, distraught
demented, tormented, i can't live without you.
euphoric, elated, intoxicate, stimulate
you're my relapse from reality i can't sleep without you

i'm using you for my own gain abusing you
you take away my every day in every way

medicine, elixir, compound, sedative
demented, tormented i can't live without you
loaded wasted stimulate high.
you're my relapse from reality, i can't sleep without you

give me more more more
give me more more more
