I believe there's a certain place
high above the skies is a secret space
I want you to say and I want you to feel
me and you are here where love is for real
loose yourself in a blissful high
take me alone and take me tonight
I don't care what you want from me
all I know is you are destiny
all I know is you are destiny

sugar candy kisses
sugar candy kissing

me and you a boy or a girl
floating high above in another world
take me there and say it to me
far above the world in ecstasy
far above the world in ecstasy

sugar candy kisses
sugar candy kissing
don't know what your missing
don't know what your missing
