Oh, darling, I can see that there's something
Gettin' to you inside
Well, just remember you've got nothing to hide

'Cos darling, I'm just sitting here waiting
Waiting till you give me a sign
Make it soon and baby you'll make it on time

'Cos if there's anything that you want
Just come running to me
And if there's anything that you need
Just come running to me

If there's anything I can do then I'll do it
Anything to make you see
If there's anything I can do, darling
Just come running to me

And darling, just keep on believing
Never let the feeling go
Take it easy you'll do the right thing I know

'Cos darling, there's a dream I've been dreaming
Telling me that you're on your way
We're gonna make it, we're gonna make it today

'Cos if there's anything that you want
Just come running to me
And if there's anything that you need
Just come running to me

If there's anything I can do then I'll do it
Anything to make you see
If there's anything I can do, darling
Just come running to me

If there's anything that you want
Come runnin', runnin', runnin', runnin'
If there's anything that you need
Come runnin', runnin', runnin'

If there's anything I can do then I'll do it

Anything to make you see
If there's anything I can do, darling
Just come running to me

And if there's anything I can do then I'll do it
Anything to make you see
If there's anything I can do, darling
Just come running to me

If there's anything you want
Come runnin', come runnin'
If there's anything you need
Don't you hesitate, you just come runnin'

If there's anything you want
Run, run, run, come runnin'
If there's anything you need
Just gotta run my way

If there's anything you want
Anytime night or day
If there's anything you need
