I just got to tell someone about the way I feel
Shout it from the rooftop to the street
And if I spread the word please tell me who's it gonna
Hurt
I'm in love with you girl
Let me talk to the world
I feel like I'm up there riding a rocket to the moon
And I'm gonna tell them where I've been

Can't keep this feelin' in
Not for another minute
I can't hold it back
You know I'm trying to
I just gotta count the ways
You bless my days
Baby I can't keep this feelin in

Some things should be private just between
The two of us
Trust me when I say my lips are sealed
My God it's no big secret that I'm crazy
For your love

Want to put up a sign that the lady is mine
If you're superstitious I'm gonna try to
Hold it down
But I'm going out there on a limb
Can't keep this feelin' in
Not for another minute
I can't hold it back
You know I'm trying to
I just gotta count the ways
You bless my days
Baby I can't keep this feelin in

I know it's better if we take it slow
That's when the hours feel like years
I've gotta tell somebody that's all I know
If I've gotta whisper whisper in their ears

Repeat chorus out
