What kind of love is this that leaves me feeling cold  
You look right through me what you see - nobody  
knows  
You're in a world all by yourself - needing no one else  
Feeling so secure  
You're on the road to nowhere and left your past  
behind  
What's to become of me , should feelings be denied  
Another time another place, would I be the same old  
face  
For you to have around  
There's no way in, there's no way out  
I'm caught in the middle  
Why must you leave my heart in doubt  
Ooh ooh ooh  
We had a one way love that flows from me to you  
There's nothing more for me to lose  
Ooh ooh ooh  
Ooh ooh ooh  
We're through with talking now we know that it's the  
end

We've played our foolish games and it's useless to  
pretend  
It seems like only yesterday that love had come to stay  
How could we be so blind  
There's no way in there's no way out  
I'm caught in the middle  
Why must you leave my heart in doubt  
We had a one way love that flows from me to you  
There's nothing more for me to lose  
- Guitar Solo -  
I don't know where your heart is or what's inside your  
head  
If this is love you said it, if this is love - forget it  
If this is love then count me out  
Count me out
