Well, send me love in a package labeled dynamite
I wanna feel an explosion when I hold you tight
I got a powerhouse reception waiting for you when
You come back to your loving baby's arms again

Sailin' across the stars
And to a silvery moon
If you wanna know what heaven's like
You'll be there soon

Well, give me kisses that explode before my very eyes
I know the sight of you could generate a million sighs
I'm all set for detonation, baby, don't you know
Three two one zero, here I go

Sailin' across the stars
And to a silvery moon
If you wanna know what heaven's like
You'll be there soon
