Free
You refuse it
You don't choose it
Say it's no good for you
But it's free
And you don't take it
But you won't make it
Not until you do

A lot of things in life look fine
See them sparkle and shine
Take up most of your time
Time is flying
They're coming at you one by one
Never leave your dreams alone
Got to make them all your own
You can't stop trying

This is free
Coz you don't like it
You wanna fight it
Say it's no good for you
But it's free
And you don't take it
But you won't make it
Not until you do

Searching in the dead of night
Wondering if it's worth the fight
Wondering if I could be right
You say there's no way
Coz you've always been a self-made man
You got to make it while you can
Just another change of plan
Ah well maybe some day

This is free
Coz you don't like it
You wanna fight it
Say it's no good for you
But it's free

And you don't take it
But you won't make it
Not until you do
You won't make it
Not until you do
So come on take it
Coz you won't make it
Until you do
