I took your name, you took my number  
Look me up if you're in my town  
You made a friend, be sure of that

Let me know if you're free, come down  
You're making plans, things you'll do  
Said I'll be someone I'm telling you

I'm gonna leave this town  
Play me some rock 'n roll  
I'm gonna find myself  
I'm gonna free my soul

We took a walk out in the gray  
You didn't speak but had much to say  
Don't talk too loud walls have ears

Criticize and you'll disappear  
A souvenir from where you've gone  
A pair of jeans or some chewing gum

I'm gonna leave this town  
Play me some rock 'n roll  
I'm gonna find myself  
I'm gonna free my soul

They built the wall until  
They had something to hide  
To keep me out or  
Is it to keep you inside?

I'm gonna free me
