No one on earth  
Means more to me  
Your painted pictures  
Are the way that the world should be

Don't ever change it  
I don't wanna live in this world without you  
Oh no

I can't explain, I can't define  
What you do to me, but my senses are so alive  
You tell your story  
And it's all that I ever believe

Portraits and poetry  
Are frozen forms of perfection  
But they don't live and breathe  
When my heart's in need they don't answer me

You, ooh, you are  
You're a human work of art  
Walking, talking inspiration

You, ooh, you are  
You're a human work of art  
You make me love, you make me care

You give me freedom  
I don't need when I know you're there  
My search is over  
I've got all of the riches that money don't buy  
Oh no

Your words are poetry  
And your face is more than perfection  
The way I watch you move it only goes to prove  
In everything to do

You, ooh, you are  
You're a human work of art  
Walking, talking inspiration

You, ooh, you are  
You're a human work of art

You're my mission  
You're my goal  
Ooh you liberate my soul

There's no illusion, that your touch is gold

Portraits and poetry  
Are frozen forms of perfection  
The way I watch you move it only goes to prove  
In everything you do

You, ooh, you are  
You're a human work of art  
Walking, talking new sensation

You, ooh, you are  
You're a human work of art  
Walking, talking inspiration
