If you should tell me that I'll always be  
The one you'll always love so true  
Then I can tell you I could easily  
I could easily fall in love with you

It wasn't long ago I saw you there  
But even then I thought I knew  
That give me half a chance I'm easily  
I could easily fall in love with you

I've been too long on my own some how  
I've been too long all by myself  
I couldn't feel more lonesome now  
If I was left on the shelf

Don't ever change that smile you've smiling now  
And please don't let me see you blue  
Then I can tell you, oh so easily  
I could easily fall in love with you

I've been too long on my own some how  
I've been too long all by myself  
I couldn't feel more lonesome now  
If I was left on the shelf

Don't ever change that smile you've smiling now  
And please don't let me see you blue  
Then I can tell you, oh so easily  
I could easily fall in love with you
