Why do we try so hard
What makes us give our all
And why do we aspire
To reach the height
When we're not ready
To take the fall

What makes us so unkind

And why must we desire
And take what we want
Why must we be the
Only ones who receive

Lord won't you take me
Take me and break me
Burn me with your fire
Our love that will take me
Take me and make me
I'll be
I will follow you

Why is it that now I'm yours
Everything seems so bright
And why is it now I can

Live for each day
Without any fear of the night

Lord since I met you
I can't get you
Out of my head
My life was so lonely
Cos I was only
Living for myself
Our love
I will follow you

Chorus

I'll follow you
My days are right

I'll follow you
It seems so right
I'll follow you
Bad days are gone
I'll follow you
