Just another guy that you see around
No more than a face somewhere in a crowd
And when you pass, I'm filled with sorrow
Cause you're near and yet you're so far away

I know that I'm a fool for wanting what I can't have
If I said I loved you, you'd only laugh
So each night I dream that you're mine
And wake each morning only to find
That I'm just another guy

I know in my heart - I don't stand a chance
But I just can't end this one way romance

Maybe some day, I'll be there by your side
But if I remain just another guy
You'll be here in my heart for ever
And I know that darling, you'll never be
Just another girl to me
