Don't hold it against me.
I admit I can be someone crazy.
Insensitive and reckless, baby.
But I'm sorry now.

Say I'm outta line.
Say I'm out of touch.
Not in my right mind or good enough.
Say you love me less,
Then you did last night.
Say what you say best,
Just don't say goodbye.

I know I was wrong.
We've all made mistakes, its true that I,
Don't give half of what I take from you and,
And I'm sorry now.

Say I'm outta line.
Say I'm out of touch.
Not in my right mind or good enough.
Say you love me less,
Ten you did last night.
Say what you say best,
Just don't say goodbye.

Say it's now or never.
Say its do or die.
Say there's maybe this one time, darling.
You just let it slide.
Say you should've known.
Say its no surprise.
Throw a dog a bone,
Next time think twice.
Say I made my bed,
That is where I lie.
Give me up for dead,
Just don't say goodbye.

Say I'm outta line.
Say I'm out of touch.

Not in my right mind or good enough.
Say you love me less,
Then you did last night.
Say what you say best,
Just don't say goodbye.

Tell me I'm a mess,
Just don't say goodbye.
Anything, but please,
Just don't say goodbye.

Not in my right mind.
Not even good enough.
Say you love me less.
Just don't say goodbye.

Say I'm outta line.
Say I'm out of touch.
Not in my right mind or good enough.
Say you love me less,
Then you did last night. Say what you say best, Just
don't say goodbye.
