First you cuddle up beside me nice and near
Then you whisper all the things I long to hear
That's the first lesson in love
Mm, that's how you start

Then you put your two sweet lips on mine like this
And you'll learn the magic of a tender kiss
That's the next lesson in love
Mm, give me your heart

It's so easy when you know how
Oh, my darling let me show you now

Then you whisper I love you so sweetly
And I'll know you've learned it all completely
That's the last lesson in love, now it's up to you
Baby love me true
