I feel I'm taking up all of your time
And I still can't work it out, whether or not you mind
Say you still need my love and I will be strong
Just say that you're okay and I'll, I'll carry on
Oh, just say you don't mind

Ooh, well, I need to show my love of that I am sure
Just let me feel you close, closer than before
I'm feeling better now, now that you're near
Just let me say the things, the things you want to hear
Say you don't mind

'Cos I'm waking up, been shaken up
And I'm thrilled that I know you
I need to love, can't give enough
And all because you do
Everything right to me, can't you see?
Say you don't mind

Well, I need to show my love of that I am sure
Just let me feel you close, closer than before
'Cos I'm feeling better now, now that you're near
Just let me say the things, the things you want to hear
Oh, just say you don't mind, say you don't mind

Oh, tell me how long must I wait
To hear you say?
I need to love, can't give enough
And it's all because you do
Everything right to me, can't you see?
Say you don't mind

I feel I'm taking up all of your time
And I still can't work it out, whether or not you mind
Say you still need my love and I will be strong
Just say that you're okay and I'll, I'll carry on, I'll carry
on

Just say you don't mind, say you don't mind
Say you don't mind, say it, say you don't mind
Say it, say it, say you don't mind
