She's causing a commotion it's a curious thing  
Everyone thought she was a delicate thing  
And now they're making her learn the hard way  
Say, what's a nice girl like you doing in a place like  
this?

They're dragging her through courtrooms with tears on  
her face  
She cries out for help from God in disgrace  
But all she gets is the chairman of the bench  
Mentioning background, and would it not benefit all if  
she went . .

#### INSTRUMENTAL

She comes from a family who seem unaware  
That we're a nation of Christians love and money to  
share  
And we have the best education system today  
Say, what's a nice girl like you doing in a place like  
this?

"We simply cannot tolerate this sort of behaviour in the  
community"  
"Young people have more opportunities today than  
ever before, I really think ..."  
"You have to be taught a lesson"  
"You do not seem to understand, we're trying to help"  
"In view of the circumstances we are going to send you  
to a detention centre  
for six months, it is for your own good you  
understand".
