There's nothing left for me to do but sit around and
wait for you
And hope you find the time to put me in the picture
And when I look at you you've always got somebody
new
And though you say you're mine you treat me like a
fixture
It seems that I'm around to pick up all the pieces
And when at last they're found sort 'em out again.

You're a jig-saw girl
Jig-saw girl
Jig-saw girl
No sooner we're together then you go and break us up
again
An' so we never will remain.

Places where you wind up in are not the sort where I fit
in
And though you know I've tried to see your point of
view
To you I'm just a game to occupy your scatter brain
Oh baby won't you change or make an effort to
Or I shall have to take this puzzle apart
But that would only break my heart.

You're a jig-saw girl
Jig-saw girl
Jig-saw girl
No sooner we're together then you go and break us up
again
An' so we never will remain.

INSTRUMENTAL

Jig-saw girl
Jig-saw girl
Jig-saw girl

No sooner we're together then you go and break us up
again
An' so we never will remain.

Jig-saw girl (jig-saw girl)
Jig-saw girl (jig-saw girl)
Jig-saw girl (jig-saw girl)
(Repeat and fade).
