I got love and I feel alright
I got love and it's real alright
She keeps making me feel alright
I know it's a square deal.

I got love in the song alright
I got love it ain't wrong, alright
It can't last me too long, alright
I got love in the song.

Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me
Crazy 'bout the way you love me.
Crazy 'bout the way you love me.

I got love and I feel alright
I got love and it's real alright
She keeps making me feel alright
I know it's a square deal.

I got love in the song alright
I got love it ain't wrong, alright
It can't last me too long, alright
I got love in the song.
