Well I've been trying forever just to catch your eye
But fate or luck or whatever wasn't on my side.

Wasting my time
Getting no sign
Then we got stuck in the lift
Between the forth floor and the fifth
And everything came right
I wanna see ya tonight.

And I got to say
"This is the stuff"
"This is the stuff"
"This is love".

Well I'm captivated in love with you
So elevated it can't be true.

But suddenly jolted
Everything halted
The machine broke down
It was such a shock
No one else around
It's you and me in the dock.

An' I got to say
"This is the stuff"
"This is the stuff"
"This is love".

Seemed like a miracle
Seemed like a gift

Once sorted out
They got stuck in the lift
Well we don't know what happened
We can only surmise
When they stepped out
There was love in their eyes.

Seemed like a miracle
Seemed like a gift

Once sorted out
They got stuck in the lift
We don't know what happened
We can only surmise
When they stepped out
There was love in their eyes.

Seemed like a miracle
Yes it seemed like a gift
Once sorted out
They got stuck in the lift
We don't know what happened
We can only surmise
When they stepped out
There was love in their eyes.
(and fade).
