[foul mouthed girl yelling at Bill on the phone]

[Bushwick Bill]

You can't make a silk purse out of a sow's ear
Gotta start with the right material, to generate a useful
idea
In other words, you can't turn a ho into a housewife
Try it, the bitch'll make you sock her in her mouth twice
It started out beautiful, but you was playin possum
To me, you was just a fuck, but our relationship
blossomed
Got attached to your kids, I loved 'em like my own
I loved 'em like my own
Referred to your daughter as my daughter, your son as
my son
Called you my wife, even if it was common law
Never saw a better creature in my life
How could the one who stole my heart, make me reach
for my knife
(Why you reachin for your knife?) Cause I'ma stab that
bitch
(What if they take your freedom Bill?) They can have
that shit
Now she wanna be friends - ain't that a bitch?
Fuck you bitch, I hate you bitch!
I wouldn't care if you burned in a fire
Crashed in a plane or got hit by a motherfuckin train
You make my life a livin hell, the sun's out but it's dark
You're the devil, all you need is a pitchfork
I'm too short to take shorts
I'm havin seconds thoughts, the ride's too scary, I gotta
get off
I wish I never met you ho
I wanna hang you from a fuckin cliff and let go, you
dirty bitch

[Chorus 2X: Bushwick Bill]

Why you wanna bring me down
Why you wanna bring me down, you dirty bitch

[Bushwick Bill]

I once believed that I could save you, emotion was
squandered
Now go back to that fuckin rock you crawled from
under
I did more fo' yo' kids, than they sorry-ass biological
father ever had
That's why they called me dad
Your own momma used to tell me not to fuck wit'cha
ass
I messed around and got you pregnant, now I'm stuck
wit'cha ass
I gave you everything I had, didn't have to be forced
Why the fuck you wanna take a nigga to court? You
dirty bitch
Tell me this, who paid the medical expense
When your kids was sick, suck dick you fuckin whore
Burned my car and my clothes, like you were Angela
Bassett
I left town, you moved out, all you left was the mattress
Now I'm hearin that you had another man all the while
When I see you I'ma beat your ass, so go 'head and file
I can tell by your tone you think it's funny bitch
Where the fuck is my money bitch? You ain't runnin shit
I'll hook you up like your kidneys failed
You think I give a fuck about sittin in jail?
You think I don't know the ghetto streets are bumpy?
And you're the reason why them niggaz tried to jump
me?
At first I was cool with the split
But you keep, callin my new bitch, bein messy and shit
You can't stand to see me happy, with or without you
Had to rain on my parade, it was all a charade
You triflin slut, ain't worth a cigarette butt
I shoulda left you where I found you, waitin on a bus
Wanna drag you to a field and chop you up to the bone
You ain't worth the fuckin ground I walk on, you dirty
bitch

[Chorus] - 2X

[girl on the phone mouths off 'til Bushwick breaks in]

[Bushwick Bill]

Yeah, take this bitch, uh-huh, yeah motherfucker yeah
Yeah, yeah you fuckin, yeah bitch!
Yeah you fuckin..
