I can do this, really, I'm good enough  
I'm as good as them, but don't take it from me  
Ask my friends, ask my sister  
They all think my stuff is great  
Up there with any of them  
I just need a break

I'm a genius, really, I'm excellent  
Better than them, I kick their asses  
All of them, even that guy  
Who thinks he's fuckin' cool  
Gets all of the attention  
He doesn't sell shit does he

Some guy on the net thinks I suck and he should know  
He's got his own blog

I'm a loser  
I'm a poser  
Yeah really  
It's over  
I mean it and I quit  
Everything I write is shit

Hey, hey  
It's a working day  
Hey, hey  
It's a working day
