Sometimes i get the feeling
That i won't be on this planet
For very long,
I really like it here,
I'm quite attached to it,
I hope i'm wrong.

All i really wanna say,
Is you're the reason i wanna stay,
I loved you before i met you,
And i met you just in time,
'cause there was nothing left.

I sat here on my suitcase,
In our empty new apartment
Until the sun went down.
Then i walked back down the stairs
With all my bags, and drove away,
You must be freaking out.

All i know is,
I've gotta be where my heart says i oughta be.
It often makes no sense,
In fact,
I never understand these things i feel.

Don't change your plans for me,
I won't move to LA,
The leaves are falling back east,
That's where i'm gonna stay.

You have made me smile again,
In fact, i might be sore from it,
It's been a while,
I know we've been together many times before,
I'll see you on the other side,
But don't change your plans for me.
I won't move to LA,
The leaves are falling back east,
That's where i'm going to stay.

All i really wanna say,

Is you're the reason i wanna stay,
But destiny is calling and won't hold,
And when my time is up i'm outta here.
All i know is,
I've gotta be where my heart says i oughta be,
It often makes no sense, in fact,
I never understand these things i feel.

I love you, goodbye...
