Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh

Start of the show Hiroshima  
And the people were shouting my name  
As the house lights came down and the spotlight  
followed me out  
I waved hello to the crowd as I busted ass off the front  
of the stage

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall

Maybe it was a rush of adrenaline  
As the concrete rose to meet face  
Maybe it was the sheer embarrassment  
That kept me conscious and standing

As I crawled back up onto the stage  
And started pounding out the first song  
There was blood on the keyboard  
Oh my God

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall

You wanna see what's in my head?  
You wanna see what's in my head?  
You wanna see what's in my head?  
Check it out 'cause

I got pictures of what's in my head  
I got pictures of what's in my head  
They took 'em in Tokyo  
And I brought 'em back with me to the USA

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall

Oh, oh, oh, oh  
Oh, oh, oh, oh  
Oh, oh, oh, oh  
They're watching me, watching me fall

It's true I fell then I hit my, hit my head you know  
I mean my head, my ankle, my ankle was black  
But my head got a concussion

They took x-rays and I asked the doctor  
If he could tell whether I was  
I don't speak Japanese but I was talking to him  
Does this song end?
