Mmm...
Mmm~mmm...
Can you see the queen move?
Mmm~mmm...
Can you see the queen move?
Mmm~mmm...mmm...
Falstaff, in the day ward
And the message was secured
As you know that your needed
And we're hammering at your door
Just over, and over, and over, you open the sore...
Mmm...
Mmm~mmm...
Can you see the queen move?
Mmm~mmm...
Can you see the queen move?
Mmm~mmm...mmm...
And don't look in the corners
As your mind warps to the core
As you know you're still needed
And we're hammering at your door
Just over, and over, and over, you open the sore...
(Instrumental)
And as you're over, and over, and over you open the
sore...
Ooh~ooh, Can you see the queen move?
Can you see the queen move?
Can you see the queen mo~ve...?
You should...(???)
No, no, you should...(???)
No, no, you should...(???)
No, no, you should...(???)...
