Bits of batter cook in the glow
You need the love, you need it to show
Come come come oh now we know
You need the love, you need it to show

(Ooh)
Come and glow
(Ooh)
Its good as ever
Good as ever close

Look at all the sun on the waves
You need the love, you need it today
Come come it's never too late
You need the love, you need it today

(Ooh, ooh)
Come and glow
(Ooh)
Its good as ever
Good as ever close

Meet the sun on bridge out of sight
You need the love, you need it to die
Come come you know that is time
You need the love, you need it to show

(Ooh, hmm)
Come and glow
(Ooh)
Its good as ever
Good as ever close

Ooh, on the bridge
Ooh, on the bridge
Ooh, on the bridge
