Clint Black & Martina McBride

There's something out there left for you but it's not
me
We've reached a point of no return, it's only right I
set you free
I know I have to turn away but there's nowhere for my
love to go
And there won't come a day when I won't honour
what we felt

But I'll go on with my life
We can even say goodbye for now
If, if that's what we have to do
Here in my heart, even when my arms are empty,
darling
I'm still holding on to you

We can't deny that this one's out of our control
Stronger than the both of us and bound to take it's toll
I can stand the test of time and as far as I can see
There are no walls that we can't climb standing
between you and me

But I'll go on with my life
We can even say goodbye for now
If, if that's what we have to do
Here in my heart even when my arms are empty
darling
I'm still holding on to you

There's a place you'll always be
No matter where you are you're here with me
When the world is turning upside down
Together we can stand our ground

We can even say goodbye for now
If, if that's what we have to do
Here in my heart even when my arms are empty
darling
I'm still holding on to you
I'm still holding on to you

Iâ€™m still holding on to you
When Iâ€™m gone Iâ€™m holding on
Iâ€™m still holding on
Iâ€™m still holding on
Iâ€™m still holding on
