Chorus

You're as slow as christmas, I was up before the dawn
Up so fast I missed it or was that old saying wrong
Every christmas day makes every other day seem long
And what seemed would never get here
Has so quickly come and gone

Verse one

I've heard old sayings, old cliches and
Most of them make sense
But we're wiser in our younger days not easily
convinced
There's no way to look ahead with the wool over your
eyes
And it seems that santa's sled isn't the only thing that
flies

(repeat chorus)

Verse two

We're bringing in another year let's throw the old one
back

With my new train I'll be the engineer
And hurry down the track
While I know that time is standing still
I hear that old cliché
And I'm more convinced it does until that
One december day

Chorus two

When I'm as slow as christmas
I'll be up before the dawn
I'm gonna miss this
I know that old saying's wrong
Every christmas day makes other day seem long
And what seemed would never get here
Has so quickly come and gone,

Come and gone
