(Clint Black - Hayden Nicholas)

Dawn patrol is makin' the rounds  
Been goin' at it since the sun went down  
I'll be sleepin' it off from  
Another night of tyin' one on.

The sun is risin' and I'm layin' low  
Been compromisin' my get up and go  
And I'll be burnin' it up  
Till both ends of the candle are gone.

And I've seen too many smoke filled bars  
Seems like they're never gonna set me free  
You might not see the scars  
But this nightlife's beatin' the daylights out of me.

--- Instrumental ---

Out on the town  
Like the night before  
Just when I thought  
I couldn't go one more.

The sun sets down  
I get up and do it again  
Night lights are callin'  
And I can't turn 'em down.

I've been revolvin' on  
This merry-go-round for so long  
And know where tomorrow starts  
And when today'll end.

And I've seen too many smoke filled bars  
Seems like they're never gonna set me free  
You might not see the scars  
But this nightlife's beatin' the daylights out of me.

--- Instrumental ---

Lord knows, I've seen too many smoke filled bars  
Seems like they're never gonna set me free  
You might not see the scars  
But this nightlife's beatin' the daylights out of me.

Lord, this nightlife's beatin' the daylights out of me.

Lord, this nightlife's beatin' the daylights out of me...
