[Intro - Pusha T]

Yeah, you think you got the power

You ain't got the power

You don't tell me that it's okay

I tell you that it's okay

You don't got the power

You don't have the power bitch, what

Yo, yo

[Verse 1 - Pusha T]

Everybody freeze, do what I say, do as I please

Commander every ship I steer, follow my lead

Y'all runnin' out of time, cause Terror runnin' out of  
speed

When I slow, blow up, guarantee makin' you bleed

This ain't about needs, it's all about greed

And showin' niggas who got the power drop to your  
knees

These bitches errand boys frontin' like they pushin'  
keys

When I catch 'em, bless 'em, start mumma-makin' they  
reeds

Because I won't stop firin', till I hear that siren

See your blood trickle, or hear your baby cryin'

Sick of niggas lyin', actin' like they tryin'

To be kamakazi, when they scared of dyin'

No alibi, I got the power no one will testify

Take this lead shower and the black flour where you  
left to die, ooh

Still life is so soothin', it hurts to see you movin'

So I counteract, take a step back and start shootin'

Terror hit a hollow-tooth frame, you and your dame

So when he wind blows, your bodies whistle likes  
cranes

Call me by celebrity name, I readily aim

And hit you in your chest, now your shirt redily stained

If there's one I didn't gun down, believe he'll be run  
down

Because I'm killin' every nigga from, sun up to sun  
down

Finish them, all adversaries diminishin'

And I'll flee the country before I plead guilty or innocent

[Chorus]

You don't have the power  
You don't tell me it's okay, I tell you that it's okay  
You don't have the power  
When I say
