sometimes i get the feeling  
that i won't be on this planet  
for very long  
i really like it here  
i'm quite attached to it  
i hope i'm wrong

all i really wanna say  
is you're the reason i wanna stay  
i loved you before i met you  
and i met you just in time  
'cause there was nothing left

i sat here on my suitcase  
in our empty new apartment  
until the sun went down  
then i walked back down the stairs  
with all my bags and drove away  
you must be freaking out

all i know is i've gotta be  
where my heart says i oughta be  
it often makes no sense  
in fact,  
i never understand these things i feel

don't change your plans for me  
i won't move to LA  
the leaves are falling back east

that's where i'm gonna stay

you have made me smile again  
in fact, i might be sore from it  
it's been a while  
i know we've been together many times before  
i'll see you on the other side  
but don't change your plans for me  
i won't move to LA  
the leaves are falling back east  
that's where i'm going to stay

all i really wanna say  
is you're the reason i wanna stay  
but destiny is calling and won't hold  
and when my time is up i'm outta here  
(note: please add a space here)  
all i know is i've gotta be  
where my heart says i oughta be  
it often makes no sense, in fact  
i never understand these things,  
i feel

i love you, goodbye  
i love you, goodbye...
