What was our home
Paper not stone
A lean-to at most
And when you pulled
You're half awake
Gravity won
Like it always does
Did I weigh a ton?
Would it be easier to just delete
Our pages and the plans we made?
. .
Erase me
So you don't have to face me
Put me in the ground and mow the daisies
Ah, the memory, see how it goes
When you
. .
Erase me
Erase me
. .
So what will you do
With no me for you?
I know what we said
But what if I left a thing or two
We know that you don't seem
To think about what you need
'til you reach to find that you've
. .
Erased me
What the fuck is this?
You're crazy, turned around
In two weeks time replaced me
Ah, the memory everybody knows
How it goes you just
. .
Erased me
Do me like a pro and taze me
Fireworks - poof - it's gone, amazing
New bio, you've gone solo
Drawing mustaches on our wedding photo
. .
Erase me

Erase me
...Erase me...
.
Ahhh... [X1000}

Erase me
This is not shouting, baby
Erase me
Go on call the cops now, baby
Ah, the memory everybody knows
But the brand new hoe

.
Erase me
And you'll never have to face me
Erase me
Option-Command-Escape me
And if you feel nothing
Guess what I wanna be
Nothing
