My name is hiro, I am 51  
Since 1980 life has been no fun,  
And I don't want to die- I left my family for the  
secretary

Ah ah, ah ah, ah ah, ah ah

Her name is yuko she is 22  
She and my daughter were best friends in high school  
They same I'm crazy and it's temporary  
But I refuse to rot like my contemporaries  
I want to explode- in a kareoke supernova

(chorus:)

I don't wanna grow old  
Won't you let me, won't you let me explode  
I don't wanna grow old  
Won't you let me, won't you let me explode, uh oh  
In a kareoke supernova, yeah

Ah ah, ah ah, ah ah, ah ah

Last night she dressed me up in hip hop pants  
The fat cheek style that rides below your ass  
She wants to show me to her mom and dad  
I told her I would not be down with that  
"cause lately I can feel the years between us  
And hope to God the friends at work don't see us.  
Tonight she if I'd ever seen jesus  
"cause she had backstage passes for the three of us

(chorus)

So now she's gone and broke my heart, God damn her  
Turns out she's been fucking a drum programmer  
She likes his style, she likes his rock star glamour  
Well she's an infant, he can damn-well have her.

I don't wanna grow old  
Won't you let me, won't you let me explode  
I don't wanna grow old  
Won't you let me, won't you let me explode  
I don't wanna grow old (wanna grow old)

Won't you let me, won't you let me explode  
I don't wanna grow old (wanna grow old)  
Won't you let me, won't you let me explode, uh oh  
In a karaoke supernova

All right, all right bring the saxes in  
That's good, keep it up  
Ok, some more overdubs  
Bring in the tambourine  
Yeah, check it  
More shit, c'mon bring in some more shit  
Baby, c'mon  
All right  
Its' all, its' all, its' all, its' all, its' all, its' all me  
Baby, c'mon  
Yeah
