Yesterday I got so old I felt like I could die.
Yesterday I got so old it made me want to cry.
So, go on, go on, just walk away
go on, go on, the choice is made
go on, go on and disappear
go on, go on away from here

Now I know I was wrong when I said it was true
that it couldn't be me and be her in-between with out
you with out you.

Yesterday I got so scared I shivered like a child
yesterday away from you it froze me deep inside
come back come back don't walk away
come back come back come back today
come back come back we'll cant you see
come back come back come back to me

Now I know I was wrong when I said it was true
that it couldn't be me and be her in-between with out
you with out you.

with out you
(go on)
with out you
