Won't you look up at the skyline, at the mortar block
and glass
And check out the reflections in my eyes
You see they always used to be there even when this all
was grass
And I sang and danced about a high rise

And you were laughing at my helmet hat
Laughing at my torch

Go ahead you can laugh all you want
I got my philosophy
(Keeps my feet on the ground)
And I trust it like the ground

And that's why my philosophy
(My phil)
It keeps me walking when I'm falling down
(Osophy)

I see that there is evil and I know that there is good
And the in-betweens I never understood
Won't you look at me I'm crazy but I get the job done
Yeah, I'm crazy but I get the job done

And I say, go ahead you can laugh all you want
But I got my philosophy
(Keeps my feet on the ground)
And I trust it like the ground

And that's why my philosophy
(My phil)
It keeps me walking when I'm falling down
(Osophy)

I pushed you 'cause I loved you guys
I didn't realize you weren't having fun
I dragged you up the stairs and I told you to fly
You were flapping your arms, you started to cry
You were too high, too high

You may take this all for granted, you take the mortar

block and glass
And you forget the speech that moved the stone
But it's really not the you can't see the forest for the
trees
You've never been out in the woods

So you can laugh all you want
But I got my philosophy
(Keeps my feet on the ground)
And I love you you're my friend

But you got no philosophy
(My phil)
Now it's time for this song to end
(Osophy)
