Smile like you've got nothing to prove  
No matter what you might do  
There's always someone out there  
Cooler than you

I know that's hard to believe  
But there are people you meet  
They're into something  
That is too big to be expressed  
Through their clothes

And they'll put up  
With all the poses you throw  
And you won't even know

That they're not sizing you up  
They know your ma fucked you up  
Or maybe let you watch  
Too much TV

But they'll still look in your eyes  
To find the human inside  
You know there's always something  
In there to see

Beneath the veneer  
Not everybody made the list this year  
Have a beer

Make me feel tiny  
If it makes you feel tall  
But there's always someone  
Cooler than you

Yeah, you're the shit  
But you won't be it for long  
Oh there's always someone  
Cooler than you  
Yeah, there's always someone  
Cooler than you

Now that I've got the disease

In a way I'm relieved  
'Cause I don't have to stress about it  
Like you do

I might just get up and dance  
Or buy some acid-washed pants  
When you don't care  
Then you've got nothing to lose

And I won't hesitate  
'Cause every moment  
Life is slipping away  
S'okay

Make me feel tiny  
If it makes you feel tall  
But there's always someone  
Cooler than you

Yeah, you're the shit  
But you won't be it for long  
Oh there's always someone  
Cooler than you  
Yeah, there's always someone  
Cooler than you

Oh, there's always someone  
Cooler than...

Life is wonderful  
Life is beautiful  
We're all children of  
One big universe  
So you don't have to be  
A chump

And you know  
(You know)  
That I won't  
(I won't)  
Hesitate  
(Hesitate)  
'Cause every moment  
Life is slipping away  
(Away)  
It's okay  
(It's okay)

Make me feel tiny  
If it makes you feel tall  
Oh, 'cause there's always someone

Cooler than you

Yeah, you're the shit  
But you won't be it for long  
But there's always someone  
Cooler than you  
Oh yeah, there's always someone  
Cooler than you

Because there's always someone  
Cooler than you

Cooler than you

Nerds go wild...
