DESTINEE:

There's a rumor  
Circulating  
You put the moves on  
The one I'm dating  
Your message... intercepted  
Your actions need to be corrected

You don't have a  
Chance in heaven  
You'll never get him  
Give it up cuz you can't win

(CORO)

Hands Off!  
He's mine  
I see you talking in his ear... it's fine  
I know you think your gonna change his mind  
But your so dead wrong

Hands Off!  
It's time  
He's all about me... he won't cross the line  
You need to hear it... let me clarify, verify  
He's abso- freaking- totally mine

PARIS:

I got his picture... on my dresser  
That says I love you always and forever  
Your agenda  
So abrasion  
Shoot it down cuz he thinks that I'm amazing... yeah

(CORO)

Hands Off!  
He's mine  
I see you talking in his ear... it's fine  
I know you think your gonna change his mind  
But your so dead wrong

Hands Off!  
It's time  
He's all about me... he won't cross the line  
You need to hear it... let me clarify, verify  
He's abso- freaking- totally mine

ARIEL:

I'm truly sorry things went down this way  
We'd be cool if you had stayed away!

You'll never get him

hands off!  
hands off  
hands off  
Oh oh

(CORO)

Hands Off!  
He's mine  
I see you talking in his ear... it's fine  
I know you think your gonna change his mind  
But your so dead wrong

Hands Off!  
It's time  
He's all about me... he won't cross the line  
You need to hear it now

So listen up... I've had enough

Get it straight and know the date

Let me carifly, varify

He's abso- freaking- totally mine
