Am I losing my mind
You're everywhere and I don't know why
Something I can't deny
On and on like a song in my head
And I can't do a thing about it

When your heart can't stop
Like a runaway train
And it feels so good that you can't explain
It's a beautiful thing
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing
Hey

I keep hearing your name
It's in the sun and it's in the rain
I just heard it again
Don't know how it got into my head
But I don't wanna be without it

When your heart can't stop
Like a runaway train
And it feels so good
That you can't explain
It's a beautiful thing
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing

Hope this feeling never goes away

Hey hey
Beautiful, beautiful thing
oh, oh, oh, oh, oh, oh, oh
Hey hey

When you lose your way
And don't have a clue
And you happen to find somebody like you (somebody
like you)

It's a beautiful thing (it's a beautiful thing)
When you're on the moon
And you can't get down
Just me and you
No-one else around
It's a beautiful thing (it's a beautiful thing)

When your heart can't stop
Like a runaway train
And it feels so good that you can't explain
It's a beautiful thing (it's a beautiful thing)
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
