How do you like me so far?
How do you like me so far?

First impression, you must've thought typical and sweet
Glasses on, hair pulled back, very misleading
I'm not the girl you thought I was
You got no place to hide, no place to run

How do you like me so far?
Did you think I was the girl next door?
Now you see I'm gonna be a rock star
You never know what's in store

How do you like me so far?
I'm gonna play some of my guitar
I'm unpredictable and that's hard
You never know what's in store

First impression, some believe read between the lines
A beautiful catastrophe, see it in my eyes
I'm not the girl you thought I'd be
Sometimes I'm shy, sometimes I get crazy, oh

How do you like me so far?
Did you think I was the girl next door?
Now you see I'm gonna be a rock star
You never know what's in store

How do you like me so far?
I'm gonna play some of my guitar
I'm unpredictable and that's hard
You never know what's in store

I'm not what you thought at all and I never will be
Don't look so surprised
What you get isn't always what you see

How do you like me so far?
Did you think I was the girl next door?
Now you see I'm gonna be a rock star
You never know what's in store

How do you like me so far?
I'm gonna play some of my guitar
I'm unpredictable and that's hard
You never know what's in store

How do you like me so far
Did you think I was the girl next door?
Now you see I'm gonna be a rock star
You never know what's in store

How do you like me so far?
I'm gonna play some of my guitar
I'm unpredictable and that's hard
You never know what's in store

How do you like me so far?
How do you like me?
How do you like me so far? Yeah
How do you like me so far? Yeah
How do you like me so far? Yeah
