What kind of idiot
Would give up something serious
I wouldn't if I had the chance
What kind of stupid fool would try to play it super cool
I wouldn't if I had the chance
Don't be so far,
You're always treating him wrong
Playing like it some kind of game
What kind of crazy loser stupid little fool
That they'd let the perfect one get away
I'm so confused cuz,
She calls him useless
What did I miss?

Who wouldn't wanna be in love
Who wouldn't wanna be in love with him
Cuz he's got everything I like
With him
He'll stitch your heart up everytime
Who wouldn't wanna be in love
Who wouldn't wanna
Who wouldn't wanna
Be with him
It's so good, it's so good
Yeah yeah
It's so good

When they go out together I wish it was us instead or
her just sat there wasting his time (she's wasting his
time)
I know he's sick of it but looking how he deals with it
That's how i'm always one of a kind
Don't be so far your always treating him wrong playing
like it's some kind of game
What kind of crazy loser
Stupid little fool that they'd let the perfect one get away
I'm not so sure but
I think she useless
She's gonna miss

Who wouldn't wanna be in love

Who wouldn't wanna be in love with him
Cuz he's got everything I like
With him
He'll stitch your heart up everytime
Who wouldn't wanna be in love
Who wouldn't wanna
Who wouldn't wanna
Be with him
It's so good, it's so good
Yeah yeah
It's so good

Hey
Just look at the way he dress
The way he wears his hair
I'm nothing but girl
She must be a fool
She don't know that he's the greatest I think I really love
him I do

Who wouldn't wanna be in love ohhh
Who wouldn't wanna be in love with him ohh
I've just got everything I like
With him (him)
He'll stitch your heart up everytime
Who wouldn't wanna be in love
Who wouldn't wanna
Who wouldn't wanna
Be with him (who wouldn't wanna be with him)
Oh whoa oh whoa
It's so good, it's so good
Oh Oh yeah
Who wouldn't wanna be in love with him
Who wouldn't wanna be with him
Be with him
