Na...

Made a big mistake
Ever thinking that you cared
When it's obvious
There's nothing here
You would need to share

I ain't gonna cry
Cause you can't hurt me anymore
You can run your mouth
You can speak your mind
Everything you say is a waste of time

You think you're so incredible
Completely unforgettable
You think the world spins just for you
You don't have a clue
You act like I'm invisible
Without you I'll be miserable
One thing is undeniably true
You think it's all about you

I can see it now
I can read you like a book
All you care about is
What you say
How it makes you look

You can talk all night
Words can't hurt me anymore
You got a million answers
To impress yourself
But it really don't matter
To know one else

You think you're so incredible
Completely unforgettable
You think the world spins just for you
You don't have a clue
You act like I'm invisible

Without you I'll be miserable
One thing is undeniably true
You think it's all about you

I don't wanna better role
You are that bigger loss to me, yeah
Anytime your not here
Baby the air is clearer to breathe

You think you're so incredible
Completely unforgettable
You think the world spins just for you
You don't have a clue
You act like I'm invisible
Without you I'll be miserable
One thing is undeniably true

You think it's all about you yeah, yeah
You think it's all about you, yeah, yeah, yeah
You don't have a clue

You act like I'm invisible
Without you I'll be miserable
One thing is undeniably true
You think it's all about you
