[Chorus:]

Bullshit, bullshit, waste of time

Go to school 12 years straight just to get a job I hate  
...What a fucking waste of time!  
The more I work every day the more that the taxes take  
away  
Land of the free for me and you then we're kicked in  
the balls and told what to do  
Put up with shit all fucking month just to end up in the  
same old rut

What am I supposed to do follow blindly without a clue?  
...What a fucking waste of time!  
How do they expect us to be when we're treated like  
shit in society?  
The only way to get ahead is with misguided obedience  
But their promises of happiness they make me sick

I can see the signs that I'm losing my mind  
Your fucked up kind make me want to go blind  
If you read between the lines, you will see, you will find  
The system's a sham it's a lie and I ain't gonna live my  
life  
Following their fucked up ways like a bitch
