Give it to me now, I want it all!
Or take a shotgun to my balls
Cause I don't wanna pop these boredom pills no more
There's too much power in these chords

I want action. (We want war)
Wanna see some teeth, teeth on the floor

Just think of all the things they have taken from us
All freedom, all pride, all privacy, all fun
Call it feds, call it fuzz, call it what you must
Seek out your oppressors then have them crushed

Give it to us now, we want it all!
Or take a shotgun to my jaw
Cause I don't wanna wait for the ball to roll
Cause there's power in these chords
Blood and passion (We want war)
Wanna see some teeth
Teeth on the floor

Snake eyes two times it's all the same
Take it back! Take it back!

Remember what they took, let them take no more
Don't follow it, don't swallow it and then get yours
Call it what you want, it's all a trap door
Seek out your oppressors, let the blood pour
Wanna see some teeth... teeth on the floor
