“Give me your heart” that’s what she said  
Putting hope in my head  
Put all trust in one thing  
Only ends in tragedy

The storm it’s over  
At least for today  
The storm is over  
I’m still afraid

I’m not good at living life  
I’m not good I have no pride  
But feeling doesn’t make you weak  
When passion is what makes you breathe

The storm it’s over  
At least for today  
The storm is over  
I’m still afraid

Evict these thoughts from this hollow wooden head  
Post no bills, this heart has been condemned  
It drains my red, so kill me dead  
To scream and no one hears  
Just more noise for blown out ears

So let the record spin as the needle skips again...

The storm it’s over  
At least for today  
The storm is over  
It’s gone away

Lost my love, I lost my life  
In a long walk home which I despised  
Grey skies I close my eyes  
We only sleep when its bright

The storm it’s over  
At least for today  
The storm is over  
It’s gone away

But in theses darkened days weÂ'll be okay  
In these dark days weÂ'll be ok
