

Cliteater "Chamber Of Clits"

Visit "[Chamber Of Clits](#)" on MotoLyrics.com

Deep down underground
Where forbidden deeds
Are put into practice
Within dark and moisty walls
Lies the chamber

Pick axe rips through succulent
Female flesh
Separating rotting cunts from
Female sinners

[Chorus]
Gallery of meathook pierced clits
Provide a macabre view
Burning one retina

Chamber of clits is now revealed
Human hand of god has put to death all the apostates
Chamber of clits now revealed
Worshippers of sins sexual pride now put on display

[Repeat chorus]
